2

Whether it's ingredients from METRO Chef or METRO Premium, kitchen aids from METRO Professional, coffee specialities from Rioba or basic products from Aro - in these areas and many more, our own brands will win you over with their quality and price-performance ratio.

3

METRO APP

Digital customer cards and invoicing, current product offers and availability, Scan & Go payment and other services, mobile ordering through the METRO delivery service - the METRO app puts it all at your fingertips.

More: see reverse.
